the caster experts

New Proprietary Poured Mold Techniques
for a Smoother, Cleaner Wheel with no Parting Lines

Solid Polyurethane X-treme Wheels

 **USA**
Made in the

X-treme

X-treme Plus

See Page 160

- Specifically designed for applications involving: chemicals, solvents, and water
- Low rolling resistance and crowned tread for ergonomics
- Solid elastomer construction for no tread failures
- Non-marking and floor protective

THE GLOBAL LEADER IN CASTERS AND WHEELS.

X-Treme Solid Polyurethane

X-treme

X-treme Plus

Albion X-treme and X-treme Plus wheels have been a very popular solid polyurethane choice for years, but now Albion has taken the wheels to a new level. Instead of compression molding, Albion now uses a proprietary poured mold technique that results in a cleaner, smoother looking wheel. These wheels are designed specifically for high-capacity manual applications involving chemicals, solvents or water. X-tremely low rolling resistance and the crowned tread make this wheel your choice for ergonomic applications. One-piece construction affords freedom from tread separation with an exceptionally long life. The solid polyurethane material is non-marking and provides floor protection.

FEATURES

- Hardness:**
X-treme: 70 Shore D
X-treme Plus: 60 Shore D
- Wheel face:** Crowned tread
- Finish:**
X-treme: Green
X-treme Plus: Grey
- Temperature Range:**
Up to +180°F

WHEEL OPTIONS

- Note: Select bearings featured are recommended for standard applications. For special applications or alternate bearings consult factory. See bearing information on page 13
- For customization & special application options, please consult factory

Roller bearings are complete with spanner bushing & nylon sealed retaining washers.

* Pedestal Precision Ball (29) bearings also available. To order change "28" to "29".

Example: XI0322908

X-Treme Advantages

- Specifically designed for applications involving: Chemicals, Solvents, and Water
- USA made for fast deliveries
- No parting lines in the middle of the tread, providing a smooth roll and clean appearance
- Low rolling resistance and crowned tread for ergonomics
- Solid polyurethane construction for no tread failures
- Non-marking and floor protective
